Allowable Subject Matter

1. Claims 2-17 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest an operating knob with the specific configurations and diameters for the first and second rotating elements as set forth in the combination of claim 8. Claims 2-7 and 9-17 are allowable by virtue of their dependence upon claim 8. It should be noted that claim 16 requires the specific operating knob of claim 8, and not a more broadly claimed operating knob having only the features present in claim 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
